## AWARD CONDITIONS

1. All changes to the award conditions are noted below.

### **1. Scope of Work**

This amendment will increase the current award by \$70,000 for AVTEC Switchgear, Alaska Energy Authority (AEA) project number 380716. The increase was necessary to complete the project due to increased costs for the equipment, engineering, and installation. The project scope remains the same and includes purchase and installation of modern, paralleling, SCADA enabled switchgear for training rural operators at Alaska Vocational and Technical Education Center (AVTEC) in Seward, Alaska. The new switchgear will also have the capability to incorporate alternative energy sources.

### **2. Award Performance Period**

The amended Award performance period is June 1, 2007 through December 31, 2011. This is the period during which Award recipients can incur obligations or costs against this Award.

There are no other changes to the original Financial Assistance Award, as amended.
